## NOTED DIVINE TO SPEAK AT COMMENCEMENT EXERCISES

### Program of Evening to Be Departure from Those of Former Years

### LARGEST CLASS YET GRADUATED

An opportunity will be afforded those fortunate enough to secure tickets of hearing one of the foremost divines and public speakers of the country, when Rev. Robert MacGowan, D. D., will address the members of the graduating class of '21, at its commencement exercises, in the high school auditorium, tomorrow evening. While Dr. MacGowan is generally recognized as a national figure he is hardly known, virtually in this community, outside of those who are familiar with his work in Pittsburg. Consequently, a treat is in store for those who will be present at these exercises. Superintendent Pollock, recognizing the unusually high standing of the work of the Class of '21, and wishing to accord them public recognition, decided to depart from the stereotyped form of commencement exercises in this year's event, by omitting the usual valedictory and salutatory essays, and securing the services of some speaker of high repute. Before finally securing Dr. MacGowan, Russell H. Conwell and Rev. S. Parks Cadman were corresponded with, but it was impossible to secure either, on account of previous engagements. Prof. Pollock was delighted to be able to engage Dr. MacGowan, and he will be heard in one of his most forceful lectures, "The Creed of Democracy."

Dr. F. C. Stahlman will present the diplomas to the members of the class, which is the largest which has ever gone out of Charleroi high school. A beautiful picture, "Pilgrims Going to Church," will be the gift of the Class of '21, and this will be hung as a companion piece to the one donated by the Mid-Year Class of '21. Prof. C. C. Lively will also publicly announce the winner of the Rensselaer Polytechnic Institute gold medal awarded to the boy graduating during the year who has made the best standing in mathematics and science during the four years of his high school course. There will be musical numbers by members of the class and the high school orchestra. The exercises will commence promptly at eight o'clock.

**Notice All Ex-Service Men**

Meeting of all ex-service men Friday evening May 27th. 8:30 sharp at Borough Building, for the purpose of extending membership of the World War Veterans of Charleroi in the Micheal Zippa Post. Jack Levitt of New York City will deliver an address as to why all ex-service men should join. Our slogan is the Constitution of the United States of America as it is written.

### GOOD TIME MADE BY CHARLEROI HOMERS

Birds of the Charleroi Homing Club made good time from Newark, Ohio, in their third flight of the year held on Sunday. John Vegso's "Speedy" won the race, followed by Bert Goaziou. The following were in the order named: Pete Bayens, P J McGuire and August Arrigo. John Vegso's bird made 1266.19 yards per minute and Bert Goaziou's 1262.06 yards per minute.

## THANKS FRIENDS FOR SUCCESS OF DRIVE

A meeting of the Charleroi committee having in charge the collection of funds to assist the relief of the distressed people of Ireland met Tuesday evening and closed up all details in connection with the drive. The chairman reported the amount collected as $2,435.88, which amount had been turned over to the general committee. After disposing of all matters of business pertaining to the drive, the committee adopted the following resolutions:

"We wish to thank the public for their splendid support in our boxing exhibition and those who gave so generously to our collection for the benefit of the Irish Relief. We also wish to thank Eddie Paluso and his assistants for their splendid arrangements for the boxing bouts, and we especially thank the young men. Messrs, Larue, Carman, Ryan and Carter who gave their services free for the occasion. We appreciate the efforts and gifts of all who so willingly helped in the movement Signed, Irish Relief Fund."

## VETERANS WILL ATTEND CHURCH

In keeping with an established custom of all Grand Army Posts throughout the United States, the surviving members of that body in Charleroi will attend public worship next Sunday morning at 11 o'clock in the Washington Avenue Presbyterian church. The old soldiers are fast passing away, and the few remaining desire to keep the memory of the patriotic dead green. The church gives a cordial invitation to all soldiers and sailors to join with the veterans in the worship next Sunday.

**Genieva Weis**

Genieva, daughter of Mr. and Mrs. Michael Weis, died Tuesday afternoon, at the home of her parents, 724 Lookout avenue. Funeral services from St. Jerome's church Thursday morning, with interment in Calvary cemetery.

## MOONSHINERS BUSY IN UPPER VALLEY

Probable arrests of a number of alien moonshiners in and around Martin, in the upper valley, by officers operating out of Justices offices in Uniontown may bare a resires of violations of the Volstead act.

Constables Shippley and Brown, both of Uniontown, it is alleged, have ferreted out the source of the greater bulk of the "pickhandle" so freely distributed in and about the Fayette county capital the past few weeks. A gigantic and highly specialized operating system exists it is claimed.

Some fifty stills— a very conservative estimate, according to some authorities—are reported to be operating in and about Martin and so well developed is the enterprise that, according to information, there is a free exchange of money in a business that has been highly developed by illicit distillers.

An astonishing fact in connection with these operations is the use being made of the Monongahela river by these offenders. It is alleged they have placed their stills at points along the river and as soon as they have finished a day's work they return the stills to the river. Just how many stills the river bed is concealing at that point is something yet to be determined.

Fayette county authorities will determine in a few days the exact extent of the moonshining enterprise when constables will make an inspection of the entire district. One arrest and one confiscation has already been made and it is anticipated that many more will be made once the campaign opens.

### CHARLEROI LADIES HOSTESS AT CLUB

Mrs. R. C. Mountser and Mrs. Geo. W. Might were hostesses at the Monongahela Valley Country Club. Tuesday afternoon and evening. In the afternoon a card party was held for the ladies, while in the evening a dinner dance offered diversion to a large number of guests. In the evening music was furnished by the Novelty Players of Charleroi. Both affairs were very delightful, and attested the popularity of these social events at the Country Club.

In his recent speech on the Colombian treaty Senator Lodge said that the Isthmus of Panama has never ceased to play a par in the histort of the world "since the day when Cortez in poetry and Balboa in fact discivered the Pacific ocean." It is true that Keats, at least, gave the credit to Cortez, although Balboa first looked at the Pacific and even waded in and formally "annexed" it to Spain.

**Edna May Welsh**

Edna May, daughter of Mr. and Mrs. John Walsh, died May 24, at the home of her parents, 1018 Meadow avenue, aged 9 years and five months. Funeral services will be held Thursday afternoon at 2 o'clock, with Rev. John R. Burson officiating.

## MOVIE PARTY FOR DOUGLAS STUDENTS

Tuesday afternoon, the students of the Douglas Business College were delighted guests of their president, James Russell Carroll at the Coyle Theatre. They saw George Barr McCutcheon's "Brewster's Millions" capably starred by "Fatty" Arbuckle. The time spent in this quiet entertainment was what might be called the "end" of many "perfect days" of work. Professor Carroll planned it not only as a surprise but, as one of the small rewards of a year's faithful work in school. Mr. Coyle's ideal accommodations and Prof. Carroll's hospitality were very much appreciated and will be long remembered by the students of the Douglas Business College.

## DISTINGUISHED PARTY MAKES INSPECTION

Quite a distinguished party were in Monessen on Tuesday, to witness the test of the new conveyer system now in operation at the coal and coke elevator of the Pittsburg Steel company, in front of the blast furnace plant, Monessen. The party arrived in Monessen on a special car in the forenoon and were received by C. J. Mogan, superintendent of the plant. Those who made up the party were J. B. Yohe, John Bindley, Willis F. McCook, D. P. Bennett, Emil Winter, James A. Sprayer, Samuel Ruhlenderd, William Nash, C. E. Beeson, J. G. Deericks, Harry J. Miller and Daniel Willard of the B. & O. The inspection of the new device proved to be very satisfactory.

### MONESSEN VETERANS TO ATTEND UNVEILING

A large delegation of former service men of Monessen is preparing to attend the unveiling and dedication of the soldiers' memorial at Greensburg on Memorial Day. The trip to the county seat will be made by automobile, over sixty of which are already engaged for the trip.

### MUST DISPLAY FLAG IN ALL SCHOOLS

By the provisions of an act of assembly, approved by Governor Sproul on Tuesday, the national ensign must be displayed in all educational establishments, whether public or private.

Elliott Maxwell of Fifth avenue, Pittsburg, was a guest of Mr. and Mrs. Willis McCook, Jr., of Crest avenue, on Tuesday.

Ray Speers and Fred Childross left today on a canoe trip by way of the Monongahela, to Fairmont, W. Va.

Born—To Mr. and Mrs. Henry J. Linder of Ford City, May 23, a son. Mrs. Linder was formerly Miss Jane Schmalbach of Charleroi.

## BOROUGH EXPANSION WAS DISCUSSED BY COMMITTEE

### NEW SCHOOL LAWS ARE NOW IN EFFECT

Governor William C. Sproul on Tuesday signed a bill fixing the school terms in first, second and third class districts at 180 days and in fourth class districts at 150 days after July first next, and at 160 days after Jul. 1, 1922. He also signed a bill authorizing school [illegible] to [illegible] properties for school purposes by by purchase, condemnation gift, lease or otherwise.

## AUTO LAWS ARE RIGIDLY ENFORCED

State troopers operating out of the Donora station were placed along the highway between Webster and Monessen on Saturday last, and a number of arrests made. The troopers have been supplied with motorcycles and have been ordered to arrest all violators of the law. A number of autoists were stopped and compelled to produce their driver's license.

The members of the Norwin high school base ball team which played in Monessen on Saturday afternoon last were among the victims arrested as the boys traveled in a big Packard car which carried a dealer's license. The campaign against auto law violations is not confined to this immediate section but in all counties of the state the crusade is on and all offenders as fast as apprehended, are being arested.

State officials appear to be determined to break up the practice of those who appear to hold the provisions of the law in contempt.

### POSTMASTERS WILL MEET IN MONESSEN

On Thursday the Western Pennsylvania Postmasters Association will meet in Monessen, at which time it is expected that about seventy-five postmasters from this section of the state will be in attendance. They will be guests of Postmaster Brautegan of Monessen. Lunch will be served at the Elks Club on Seventh street, following which the regular business meeting will be held in the parlors. The association meets about five times a year to discuss various matters relative to the betterment of the service.

In the account of the organization of Golden Bar Sisterhood, Dames of Malta, which was instituted at Monessen last Wednesday, the name of Mary Wildman, as Keeper of Archives, was omitted. She was elected to that important office, with Lilly Jarvis as assistant.

A meeting of the Press league of baseball teams is scheduled to be held in Might's auditorium, Charleroi, Sunday afternoon next at 3:00 o'clock fast time.

### Matter to be Publicly Discussed at Forum to be Held in June

### MAY TAKE VOTE THIS FALL

The Borough Expansion committee of which Hugh E. Fergus is chairman, and the other members of which are Messrs. Ross, Sloan, Speers and Allen, met on Tuesday at four p. m. in the borough building. A thorough canvass was made of what the next step should be in the Borough Expansion campaign. The legal steps of proceedure were carefully outlined by Mr. Fergus, chairman of the committee. Speers, North Charleroi, and a part of Fallowfield township are the areas that are under consideration for consolidation with Charleroi. Chas. Speers reported that there was very little if any opposition in Speers to annexation with Charleroi. In regard to the annexation of Speers and North Charleroi, it will be necessary for the council in each case to take the initiative, or the council must act if a petition is presented to them signed by one hundred voters. It will be a matter then of the councils concerned to the annexation of making out the boundaries, the wards and the other requirements which would be necessary for annexation. In the case of Fallowfield township the procedure would be a little different, in that if the majority of the people living in the area of that township that wants to be annexed, petition the council of Charleroi, such annexation may take place.

It was thought well by the committee to sense public opinion and to keep the people thinking so that the proper steps may be taken for voting upon annexation at the fall election. Therefore the committee has decided to hold a Forum meeting on Tuesday, June 14th, at which time both sides of this question will be presented. In the meantime, the committee will welcome any suggestions and will be glad to place on the program of the Forum meeting those who really have something to say either for or against the annexation.

### OUR MERCHANT MARINE

In the Federal Reserve Bulletin for April the gross earnings of the American mercantile marine engaged in foreign trade are shown to have been $183,000,000 for 1920, as compared with $1,600,000,000 gross earnings of the British foreign trade marine for the same year. As the British foreign trade marine is twice the size of the American the proper comparison should be between $800,000,000 gross earnings for the one and $183,000,000 for the other. What the net British earnings were is not stated, but the costs of operating the American mercantile marine are so great that there were no net earnings at all. Indeed, the New York Herald figures that our merchant marine failed by more than one hundred millions of dollars to earn its keep last year, which is a very discouraging showing.

Our merchant marine suffers from many handicaps, chief of which is the excessive cost of American manufacturers, which renders it difficult if not impossible to compete in the markets of the world with more cheaply producing countries, thus greatly reducing the volume of our exports except in special lines. Then there is the excessive cost of operation, due to record wages paid to our seamen and the unusual comforts with which they are provided. It looks as if the permanent establishment of a great American merchant marine will be problematical as long as our artificially high wage and living standards obtain, and there would appear to be little prospect of a sufficient reduction in these to meet the seeming requirements.

### Sealed Proposals.

Sealed proposals will be received by the school district of the borough of Donora, Pa., until 8:30p. m. new time, Friday, May 27th, 1921 at the Castner school building, Donora, Pa. for the painting of the walls and ceilings of the First street public school building. Plans of the building and specifications of the work to be done may be seen at the office of the architect. A certified check in the amount of $100 shall accompany each bid. The school district reserves the right to accept any or reject all bids that may be submitted.

### CONCERNING THE SLOGAN

Editor Mail:

I am interested in this slogan proposition for our city, and I would like to make the following observations concerning the contest as well as the method of selecting the proper "battle cry" for our community.

While the writer is not a contestant for the prize, yet he is an earnest "honest to goodness" contributor to an appropriate slogan for our city. I was very much disappointed in seeing so few contributions submitted. In reopening the contest, which began the 23rd to continue for one week, I hope the contributions will be even more generous than last week.

However, there is one observation I would like to make at this point with reference to a certain clause in the report of Monday:—"The committee would like to recommend a slogan to the board of directors of the Chamber of Commerce, which may finally be adopted as a slogan for the Chamber of Commerce and the borough."

With all due respect to this committee, not even questioning their sincerity or motives at all, I consider this out of order and out of place, and the recommendation should not be accepted by the board of directors of the Chamber of Commerce. It does not appear very favorable to the writer, from the fact that this committee constitutes the judges who are to determine the proper slogan. In this case they would be the judges of their own slogan. Impartiality would be out of the question. In this I am voicing the sentiments of many citizens.

My conception of an appropriate slogan is this: A short phrase expressing a condition we would like to have our city boast or—"to boost up," a model city, something that we would be proud of in the future.

I hope to see many citizens, men and women, who are earnestly interested in the movement, express themselves through the columns of The Mail. Let us all who can take an active part in this contest and make it interesting as well as remunerative to our city.

A CITIZEN.

# It Takes More Than One Tub Frock to Make a Summer!

How many tub frocks should a woman have? Well no matter, here is a collection of new, captivating modes; variety enough to give a selection of as many as you need, and values so attractive that you will not stop at one. They are the daintiest, fluffiest creations imaginable and come in hosts of styles becoming to all ages and all types of figures. It is none too early to plan for Summer vacation needs.

## Frocks for Morning

For a morning on the tennis courts, to wear to market, to shop or to stay at home, there are smart Gingham and Voile Frocks, simply made, but with a certain dash to them that makes them exceedingly popular among well dressed women.

Priced $4.75 to $10.50.

## Frocks for Afternoon

Lovely handmade Frocks, like the one illustrated. Organdie, Voile and Swiss Frocks are seen on festive club verandas and smart teas; their gay colors add ing charm to the setting. They come in slim or bouffant style and in every rainbow tint.

Priced $8.75 to $25.00.

Special prices on Piece Goods, Silks, Ginghams, Percales, Muslins, also on Hosiery, Underwear, etc., that will make May Sales interesting.

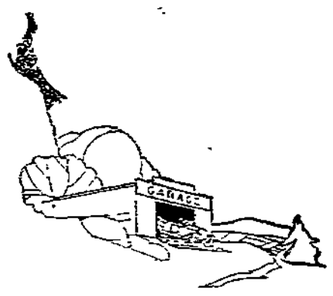
"As in the greatest cities so in his own home town—the U. S. Tire user gets fresh, live tires of current production."

THE U. S. CHAIN TREAD
One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.



"In every section, however remote, you find a dealer in fresh, live U. S. Tires"

# Economy rides on U. S. Tires—

IF you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same.

Most of them have taken their fling at "job lots." "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality *first* as the one sound assurance of tire value.

* * *

As soon as a man forgets the cut-price tag, and comes to the dealer who *concentrates* on a full, completely sized stock of U. S. Tires—he learns what it means to get *fresh, live tires* —not once in a while but *every time.*

Not merely in the big cities, but in his own home town.

Not merely for the heavy car, but for the medium and light-weight car—a full selection of size, tread and type.

* * *

Your U. S. Tire dealer can give you this service because of the service *he* gets from his neighboring U. S. Factory Branch. There are 92 of these Branches. Each gets its share of U. S. Tires, so that the dealer is always supplied with fresh, live stock.

U. S. Tires sell as fast as they are made.

There is no over production. No surplus piled up waiting for a "market."

Wherever you buy a U. S. Tire—you buy a tire of *current production,* as full of life and value as the day it left the makers.

A new water-cooled baffle-plate device for installation in the firebox of a conventional up-draft furnace has the effect of converting it into one having some of the characteristics of the down-draft type. It is described in Popular Mechanics. Its construction is simple, consisting of two hollow steel compartments of different heights, arranged crosswise of the firebox, at a point somewhat to the rear of the center, with the higher one at the back, thus dividing the firebox into two distinct combustion zones. As the two chambers are separated by a few inches and the higher one reaches to the boiler by the crownsheet, the gases and smoke liberated by the forward portion of the fire are forced to pass over the top of the low forward section, down between it and the rear section, under the latter, and over the hottest part of the fire, where they are consumed.

### Esperanto a School Course.

Esperanto, the artificial international language, has been ordered introduced as an elective course in the commercial schools controlled by the Paris chamber of commerce.

The language was studied by a commission, whose members reported favorably upon it after several tests. One test was the translation of three complicated documents into French and then translation of the French texts back into Esperanto. It was found there was no change in the sense.

The introduction of Esperanto in all schools was recommended, not as a substitute for any other language, but as a means of communication.

### Dogs Vaccinated Now.

Professor Marie Remlinger of the Pasteur institute, Paris, who is having wonderful success with the new service developed by Professor Balle of the government veterinary school at Alfort, promises absolute immunity for dogs from rabies. This new vaccine is a mixture of the old Pasteur serum for rabies and of the virus of the disease. It acts quickly, is easily applied, is inoffensive, and costs little. It is curative as well as preventative. Eighteen dogs vaccinated with the new serum two months ago have been rendered absolutely immune.

### Used to That.

Mason—Any startling new fashions?

Russell—No. As usual, the only real shock in the spring feminine fashions is administered by the price tag.—London Answers.
